

MBEREV NICHOLAS (FULL-STACK DEVELOPER)

Proffnick1@gmail.com | +2348133191426 | appdeveloper.com.ng

Block 80/20 Area B Last Road, Nyanya, FCT Abuja, Nigeria

PROFESSIONAL SUMMARY

Passionate Full-Stack Developer with a B.Sc. in Mathematics and over a decade of experience in developing innovative web and mobile solutions. Proficient in Html, CSS, JavaScript, Typescript, PHP, Python, various frameworks (Node js, React js, Next js, React-Native, Electron js, and jQuery) and database management systems (MySQL, MongoDB, Firebase (realtime, firestore), SQLite). I excel at creating user-centric applications that drive business growth. My projects with companies like Valuepay, Metertoken, Goldenchips, PSA, Smartsaver, and Amtel Web have led to considerable growth, impact, and profitability, showcasing my commitment to delivering impactful technological solutions. Fluent in English and three local languages, I am a collaborative team player renowned for my problem-solving skills and adaptability in fast-paced environments.
